

How do I create short links for donation pages?

Last Modified on 05/20/2022 6:05 pm PDT

All donation forms have an automatically generated short link provided for you.

The first way to find the link is to click on one of the form types in the navigation menu at the top, such as **Fundraising > Text to Donate**. If you have already created forms of this type, you will see the form information and its short code, called the **Public Link**.

Text to Donate + Create New

Form Name	Keyword	Campaign	Visits	Conversion Rate	Collected	Public Link	Actions
Big Donors	BigBalloon	A Toast to the Future	2	0.0% (0)	-	igfn.us/form/9YI7_g	...
Recurring	BALLOONTIME	A Toast to the Future	2	0.0% (0)	-	igfn.us/form/TJlJQ	...

You can also find the sharable link by clicking on the keyword. Once in the form page, find the Display Links box below the menu on the left-hand side. In this box you will see a link titled Shareable Link to This Form.
