

What do the colors on the campaign tiles mean?

The colors on the campaign tiles on the dashboard will usually be a teal or opal color, but you may see other colors. These other colors indicate that the *only* activity you have in that campaign is a Text to Donate form or a Crowdfunding and Peer-to-Peer Fundraising form.

Teal/Opal = Empty Campaign or campaign with more than one type of form/activity.

Yellow/Gold = Text to Donate activity is the only type of activity within the campaign.

Blue = Crowdfunding and Peer-to-Peer Fundraising activity is the only type of activity within the campaign.
