Embed Code Section

Your forms can be embedded on a webpage or linked to as a free-standing donation page using the code in the box of the **Embed Code** module.

Embed Code

Form Embed

Embed this code to place a secure form on your web site ⧉

```
<iframe id="mc-donation" src="https://fundraise.givesmart.com/form/oq2jIQ?utm_source=embed&utm_medium=page&utm_campaign=donation"
width="100%" height="1895" overflow="scroll" onLoad="window.scrollTo(0,0);"></iframe>
```

To change the size of this online form, edit the height and width dimensions within the Embed Code.

Lightbox Embed

Embed this code to place a button launching the secure form in a lightbox ⧉

```
<script data-primary-color="#6D4BA1" data-text-color="#ffffff" data-btn-txt="SUBMIT" data-form="oq2jIQ" data-form-type="donation"
src="https://fundraise.givesmart.com/forms/form_btn_modal.js"></script>
```

Callback URL on form submission ❓
