

Connecting a Constant Contact Account to your GiveSmart Fundraise Account

Last Modified on 09/25/2023 1:19 pm PDT

The first step to sending email within GiveSmart Fundraise is to connect your Constant Contact account to your GiveSmart Fundraise Account. For more about the entire process of sending email in GiveSmart Fundraise, [click here](#).

To connect your Constant Contact account to your GiveSmart Fundraise account, you can set it in the **Integrations** category found in the **Settings**.

- Click on **Settings** (the Gear icon)

- Click on the **Integrations** category on the left, then the Email Marketing section in the middle.

Click **Allow** to link the two systems. When you do this, GiveSmart Fundraise will have access to your Constant Contact account to sync your contacts, to send emails designed and reported in GiveSmart Fundraise while using the powerful email engine in Constant Contact.

Allow Access?

MobileCause Production would like to access and/or update your Constant Contact account.

You should only grant access to applications you trust with your Constant Contact account information.

At this point, you will want to check your email for a message from support@constantcontact.com to **Verify your email address**. Click the **Verify this email** button.

If you do not verify the email address from the Constant Contact email, you will not be able to actually send messages through the GiveSmart Fundraise Email Design Studio and Constant Contact.
