

Crowdfunding Form Submit Section

Last Modified on 09/21/2023 8:37 pm PDT

The last section to personalize your form that is visible on the form is the Form Submit section. The main function of the Form Submit section is to show the total donation and the SUBMIT button on the donation form.

Form Submit

Section Heading

[+ Add Form Element](#)

Section Heading

You can change the title from **Donation amount** to anything you like to frame this section on the form. You can also delete the text from the Section Heading and the Form Submit section will appear as if it is part of the previous section on your form.

Button Text

You have 14 characters to create the button to submit the details of the form. If the default "Submit" is too generic for you, you can change it to fit the theme of your Activity or just make it more personal, such as saying "Give Now."

Option to sign up as fundraiser

In Crowdfunding and Peer-to-Peer Fundraising activities, you can enable this feature to ask the donating supporter if they would like to also become a Volunteer Fundraiser. When they select their donation amount, right below the donation and the attribution (if enabled) there will be a checkbox asking if they want to sign up.

When they check the box, they will also be given the option to apply their donation to their own fundraiser account instead of to the main campaign or to another fundraiser.

Example: Sarah is asked by her friend Liam to donate to this great cause. In reviewing the information presented, Sarah decides she wants to become a volunteer fundraiser herself, and at that point would prefer her donation to be attributed to her instead of Liam (sorry Liam!). So she checks both boxes.

When they submit the donation, the donor will be directed to the **Volunteer Sign Up Form** (if there is missing required information) or directly to setting up their own page in the Crowdfunding and Peer to Peer Fundraising campaign.

Choose amount

Four buttons for donation amounts: \$25 (highlighted in blue), \$50, \$100, and Other. Below these is a text input field with a dollar sign icon and the value "25.00".

Attribute your support to:

A search dropdown menu with the placeholder text "Search" and a downward arrow icon.

I'd like to sign up!

If you choose this option, you will be taken to customize your page.

Apply funds to myself

If you choose this option, you will be taken to customize your page, and your total will be applied there.

Note: You may want to define the signup option with some additional text or a video. for an example, [click here](#).

Confirm before submitting

This is used for additional fraud protection. When the donor clicks the Submit button, a pop-up message appears, to confirm if they want to complete this donation.

You're almost done!

X

Please make sure the following amount is correct: **\$25.00**

Back

Confirm

Multiple Pop Ups

If you use the **Encourage Recurring Donations** option in the **Recurring Donations** section, it will take precedence over the **Confirm before submitting**. If the trigger for Encourage Recurring Donations is in effect, then the donor will not see the other pop-up option. For security/fraud protection, any pop-up will effectively do the same thing, so this is not a risk. For more information on Encourage Recurring Donations, [click here](#).

Will you consider making a bigger impact?

Become a recurring donor today and join a group of exclusive people committed to making a difference.

Recurring donors help ensure we have sufficient funding for new and ongoing programs throughout the year. You can always cancel at anytime.

Yes! Make it \$62 / monthly

Keep it one time for now

By making it recurring you have read and agree to the [terms and conditions](#)
