

# Event Page Sponsors Section

Last Modified on 06/02/2022 10:49 am PDT

This article will guide you through what you can do with this section of designing and working with the Event Page. If you are just starting in designing your event page, you will likely want to [start here](#).

Showcase corporate sponsorships with images and links to their sites in your Event Page. Include an action button for others to also become sponsors.

## Sponsors

Display Section Show  

Title Show

Images Carousel Show  

Message Show

Action Button Button Show  

Background Color    
[Set Transparent](#)

## Display Section

If you decide to not use Sponsors, you can hide the entire section with the **Show/Hide** switch.

You can also delete the section by clicking the **Trashcan** icon, if you don't ever plan to use it. If you delete it, you will be shown a confirmation box before it completes the deletion.

app.mobilecause.com says

Are you sure you want to delete this section?

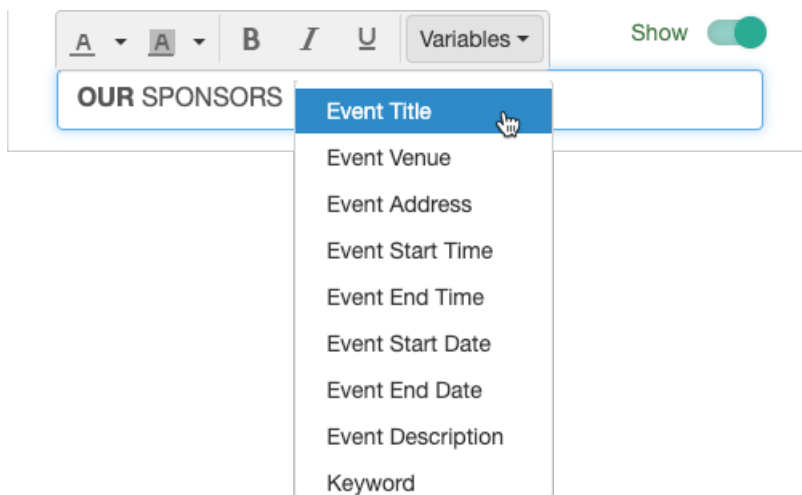

Cancel

OK

Warning: Deleting the section is basically irrecoverable. If you don't want to use the section, it is highly recommended to use the Show/Hide switch over the Delete option, on the off chance you may want to use this section at a later time.

## Title

You can edit the Title to be anything you wish and include different formatting. You can also choose other variables from the drop down list. By default, it says "OUR SPONSORS."

## Images

Include Sponsor Logos or Images in your Event Page. While it may be listed as a carousel type, and functions similarly to other carousels, the Sponsor Images do not rotate. Instead, they will show up to four images across the Event Page and continue down in neat rows, so all your sponsors will always be visible.

Click on the **Edit icon** to add or edit images for your Sponsor section.

## Edit Element - Carousel

Reporting Label: Images ⓘ

Min recommended image size: 300px by 300px. JPG, PNG or GIF image types only.

Image carousel interface showing three items:

- Item 1:** EP logo. URL: <https://us.coca-cola.com/>. File name: 15.\_Sponsor\_2\_cocacola.png
- Item 2:** Coca-Cola logo. URL: <https://www.r...>. File name: 16.\_Sponsor\_3\_...
- Item 3:** Microsoft logo.

Navigation dots: ● ● ● (the second dot is green)

Cancel

Save

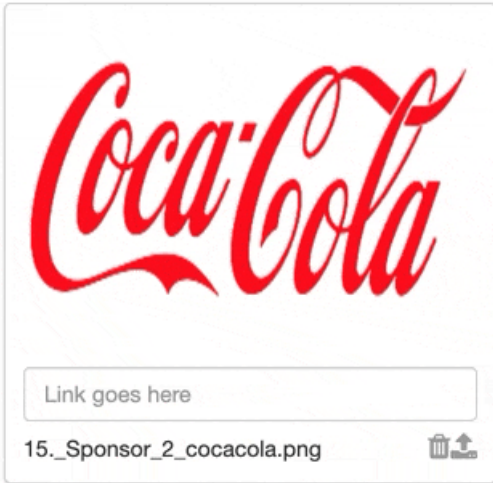

Click Upload to add images.

Note: The carousel will only take images smaller than 5MB.

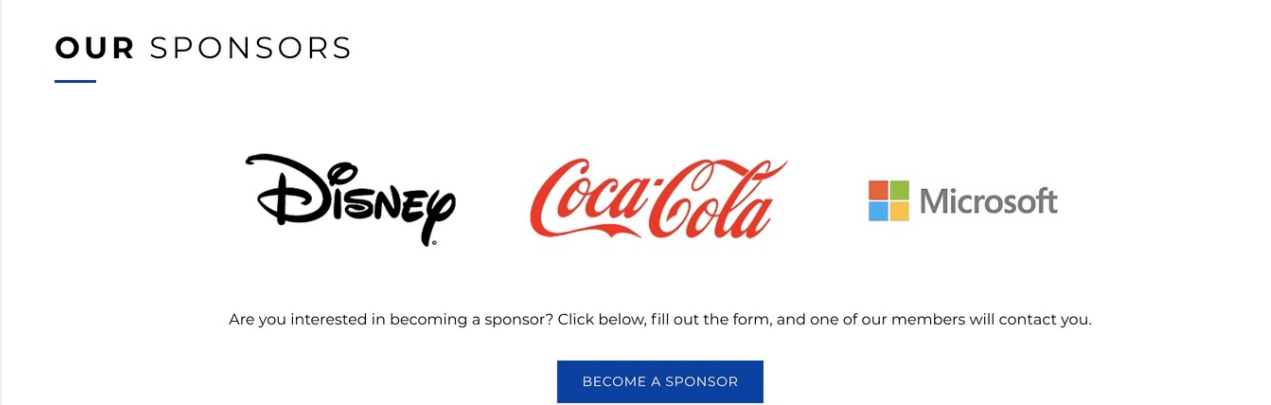

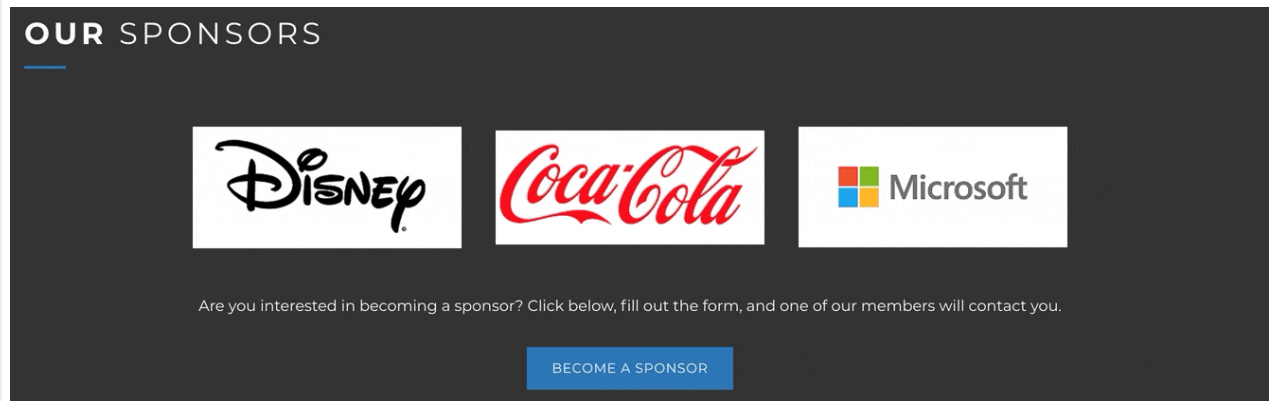

Upload failed for file 06. Hero 3.png. Image not created for carousel: Shared img cannot be greater than 5 MB ✕

Normally in a Media Carousel, you can add a title. In the Sponsor section's Image carousel, you can include the link to the Sponsor's site. When supporters click on the Sponsor image, it will take them to the Sponsor site in a new window or tab.

Click in the text entry box marked "" and paste in the sponsor's URL.

With the link added, when someone hovers over the image on the Event Page, it will be clickable and the words Learn More will be added.

Note: While the image looks out of proportion in the carousel, it will show correctly on the Event Page.

Click the Trashcan to remove an image from the carousel. You will get a warning before it deletes.

app.mobilecause.com says

Are you sure you want to remove this item?

Click the Upload icon (the icon next to the Trashcan with the up arrow next to it) to swap out an image.

When you have multiple images, you can click one image and drag it to change the order for the carousel.

Note: In the Dark Theme, the Sponsor images will be in color and may benefit from a transparent background. In the Light Theme, the default Background Color will be white and the images will show in greyscale instead of color.

## Message

The Message section is usually used to thank your sponsors and/or refer to the **Action Button** for others to become sponsors. It is a Text box that includes the Rich Text Editor so you can change the color and style of the text as well as include various event details.

If you do not want to include a message, you can use the **Show/Hide switch** to remove it from your Event Page.

## Action Button

While the action button is listed generically, so can be used for anything, in the Sponsor section, it is primarily used for potential sponsors to complete a Corporate Sponsorship form, so they can then be included in the Sponsor section.

If you do not want to include the Action Button, you can use the **Show/Hide switch** to remove it from your Event Page.

Click the **Edit icon** to change the label on the button and to which form it will go.

## Edit Element - Button x

Display Label\*

BECOME A SPONSOR

Please select a form or a page

[Use an external link instead](#)

Cancel

Save

### Display Label

The Display Label will be what appears on the Button on your Event Page. By default, the will say BECOME A SPONSOR, but can be changed to anything you like, up to 20 characters.

### Link

The Link defaults to a drop down menu where you can directly add the link to any other form *within the campaign* to your Event Page. You can start typing the name of your form to narrow your selection.

You can also click [Use an external link instead](#) to direct your supporters to something like your homepage. If you change your mind about using an external link, you can click [Use a GiveSmart Fundraise link instead](#) to revert to the original design.

Note: you do need to include the [http://](#) or [https://](#) with external links.

Make sure to **Save** the Button settings when it is ready.

### Background Color

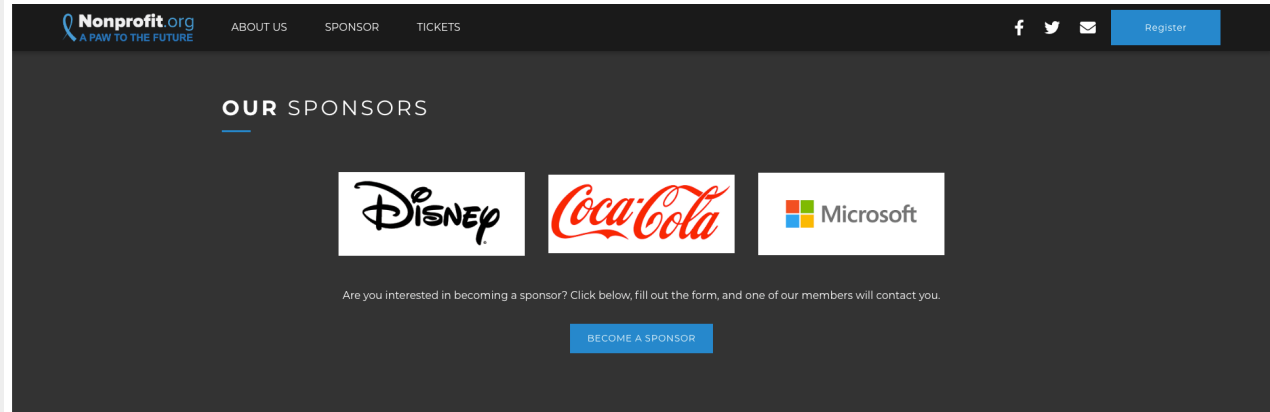

The Background of the Sponsors section starts as dark grey (hex code #333333) for the Dark Theme and white (hex code #ffffff) with the Light Theme.

To change the Background Color, enter a color's hexadecimal code or click on the color square and pick the color of your choice using the wheel and square.

Background Color

#333333

Set Transparent

Now you can show off your Sponsors and encourage others to also become Sponsors.

If you will have more than 1,000 live viewers during your virtual event, please contact your [Account Manager](#) a week in advance so we can advise on the setup and preparation for your event and schedule complementary technical monitoring during your event.

If you are going down the list of sections in designing your Event Page, you are near the end. Review what is left to do [here](#).
