

Creating Virtual Fundraisers that Entertain and Engage Donors

Last Modified on 06/02/2022 1:21 pm PDT

In this presentation we share what other nonprofits have done to create successful fun and entertaining virtual fundraising events. We'll take an in-depth look at how to execute unique ideas, like cooking lessons, talent shows, scavenger hunts and more. We'll also cover how to set up your program essentials, position your ask within the excitement and even how to combine virtual with a live event in the future.
