

# Tribute Gifts (In Honor / Memoriam / Birthday / Shout Outs)

Last Modified on 06/02/2022 8:05 pm PDT

Add a section to your forms to allow a donor to dedicate their donation to someone else. Whether it is in memory or in honor of someone, a shout out or a birthday wish, your donors can easily provide that tribute *and* send an ecard or email letting that someone know about the tribute.

## Adding the Section

The Tribute Gift function is an optional section that you can add from the Manage Sections button in the upper left of your form design page (the Online Forms category on the left).

Click on **Manage Sections**.

Select **Add In Honor / Memoriam Section**.

If desired, rename the section to better describe how you plan to use it.

Use the **Up** and **Down** buttons to place the new section where you want it on your form.

Position Your Section

- Suggested Amounts
- Matching Donations
- Recurring Donations
- <Your New Section>
- Contact Information
- Payment Information
- Promotional Codes
- Footer Message
- Form Submit

Click **Save** and the new section will appear in your list of sections of your form.

# Tribute Section Complete!

It is important to note that there is nothing else required to start using this feature. Everything is connected and set up correctly so it will function as shown above. The rest of this article will describe the ways you can change the wording and images, but the core functionality is ready to go!

## Section Heading

By default, the section heading is left blank. This way the In Tribute Gift section can appear as if it is part of any other section you desire. If you want to have it offset within its own section, add a title or Section Heading.

There is also the **trashcan** icon which will delete the entire section if you decide you don't want to use it, though you can also turn off the first item, the In Honor or Memory Of checkbox to hide the section.

## In Honor or Memory Of checkbox

Because of the way the [Dynamic Actions](#) are set up, this checkbox controls the rest of the section. When a donor clicks the checkbox, the next item for them to fill out appears (The Honoree's Full Name and the option to Notify Via Ecard).

Usually, you will want to leave the default status unchecked, so if the donor is *not* using this function, they don't have to turn it off or think that they are required to fill out this section.

## Honoree Full Name

When the In Honor or Memory Of checkbox is checked, the Honoree Full Name short answer box appears for the donor to add the person's name.

Usually, you will want to leave the default status unchecked so your form remains simple and clean and usable for all your donors. The dynamic action tied to this item means when it is unchecked, the extra information to complete for the ecard is not visible until it is checked.

## Recipient Full Name

The recipient's full name will be included as part of the email address when the ecard is sent. This is the person your donor is sending the ecard to and does not have to be who the tribute is dedicated to.

If you would like to change the wording click the **Edit** icon.

## Recipient Email

There is nothing to edit or add to this section. You will want to leave it as is so the email can actually go to the recipient the donor chooses.

## Personal Message

This is where your donor can add their own message to the ecard. It is provided with a generic note that they can change if desired.

By default this section is labeled on the form as "Personal Message." If you would like to change the wording of the label click the **Edit icon**.

The generic note cannot be changed to another default.

Warning: Be very careful with adjusting the dynamic actions on this section. If you do something incorrectly, it could break the functionality. For more on [Dynamic Actions](#), click [here](#).

The two checkbox items, **In Honor or Memory Of** and **Notify Via Ecard** to hide and reveal other parts of the section. Maybe you want to include something else, like another image or a video or text that further describes the tribute options and you want them hidden until the checkbox is clicked. You can add items using the [Add Form Elements](#) button and add them to the [Dynamic Actions](#) so they are hidden by default.

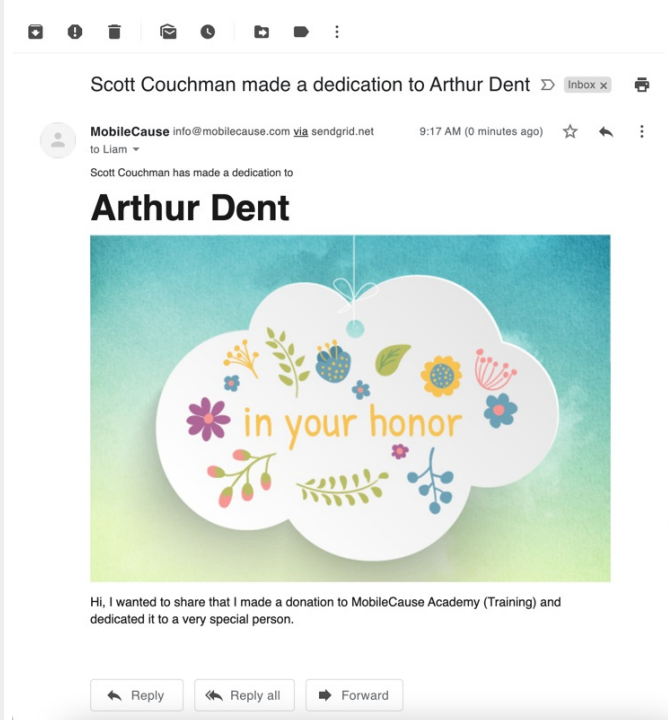

Again, be very careful when you do this so you do not break the existing dynamic actions. Below are the default selections for each dynamic action.

The screenshot shows a dialog box titled "Setup Dynamic Action - Checkbox". The "When" condition is set to "In Honor Or Memory Of". The "is" dropdown is set to "Checked" and the "show" dropdown is set to "show". A list of elements is displayed, with "Honoree Full Name" and "Notify Via Ecard" selected. The "Contact Information" section includes "First Name" and "Last Name" which are not selected. At the bottom, there are "Reset Action", "Cancel", and "Save" buttons. A dark bar at the bottom of the dialog contains the text "In Honor Or Memory Of Dynamic Action Defaults".

## Example Ecard Message

When your donor completes their donation the ecard will immediately be sent to the recipient's email address. The ecard will look something like this:

Below is a breakdown of the items filled out and how they will appear on the ecard:

1. The donor's name will appear in the subject line of the email and the body.
2. The Honoree's Full Name will appear in the subject line of the email and in the body. In the body it will be larger to emphasize who this dedication is for.
3. The email will be sent from [info@givesmart.com](mailto:info@givesmart.com)
4. It will go to the Recipient's Email and show their name on the To line
5. The Image selected will show in the body of the email
6. The Personal Message will appear below the image in the body of the email.

Note: the ecard email will show the donor's name, even if they put the checkmark in the Anonymous option. The anonymous option is for more public viewed items like the Event Page, the Fundraising Thermometer and the Crowdfunding and Peer-to-Peer Fundraising Page.
