Having the option to log in via Google can be especially useful for your volunteer fundraisers as they go back to edit their Fundraiser pages. While they'll have the link in an email, to log in and edit, the Google credentials makes it even easier for them. Note: If you do not want the extra methods of logging into your GiveSmart Fundraise account for extra security or privacy or other reasons, contact GiveSmart Fundraise Support and ask to have the Google Login disabled.
