

Ticketing Training

Last Modified on 05/05/2023 10:42 am PDT

The GiveSmart Fundraise Intermediate series of training sessions build on the Fundamentals with four additional sessions/topics, so you can make the most out of your GiveSmart Fundraise account. For more on the recordings, [click here](#).

This session takes you through everything about the GiveSmart Fundraise Ticketing activity. You're planning your event and you want to sell tickets? This class is for you. We will guide you through the design of the GiveSmart Fundraise Ticketing activity and what it has to offer. We'll show how your supporters will purchase tickets, and assign tickets to people in their party. And we'll guide you through the check-in process when the big day comes, so you can manage your supporters, your tickets, and your volunteers.

Agenda

- Preparation
 - Campaign (Event) Details
 - Promotions
- Creating Tickets
- Purchasing Features
- Managing Guests
- Check-In Guests

Ticketing Class

Please note that the user interface has recently changed within GiveSmart Fundraise and the initial menuing will be different from what is currently in the video. Once past the initial navigation steps, the rest of the material should still be viable.

For more information, review the [enhanced navigation here](#).

We will update the video to reflect this change as soon as possible.

Further Study

- Read all about the Ticketing features in the [Ticketing section](#) in the Knowledge Center.
- Watch the other Intermediate level classes [here](#).
