

# Beyond the Basics (and Sponsorships) Training

Last Modified on 08/25/2022 9:25 am PDT

The GiveSmart Fundraise Intermediate series of training sessions build on the Fundamentals with four additional sessions/topics, so you can make the most out of your GiveSmart Fundraise account. After every session, you can take a quick quiz to challenge your skills. For more on the certification classes/recordings, [click here](#).

In the Fundamentals classes, we describe a few ways to personalize your forms. In this session, we will dive deep into using custom elements and sections to enhance your existing forms and expand your reach. We'll show several features through the design of different styles of forms by creating two different styles of Corporate Sponsorships.

## Agenda

- Experiment!
- Corporate Sponsorships with "Items"
- Adding Sections & Elements
- Copying Forms and Elements
- Corporate Sponsorships with drop-downs and other elements

## Beyond the Basics Class

Please note that the user interface has recently changed within GiveSmart Fundraise and the initial menuing will be different from what is currently in the video. Once past the initial navigation steps, the rest of the material should still be viable.

**For more information, review the [enhanced navigation here](#).**

We will update the video to reflect this change as soon as possible.

## Beyond the Basics Quiz

Test your knowledge with the [Quiz](#)

## Further Study

- Read all about the different styles of Corporate Sponsorship designs in the [Corporate Sponsorship section](#) in the Knowledge Center.
- Watch the other Intermediate level classes [here](#).
