Leaderboards

Do you want an easily identifiable way to see who is in the lead during your Crowdfunding and Peer-to-Peer Fundraising campaign? Use a leaderboard!
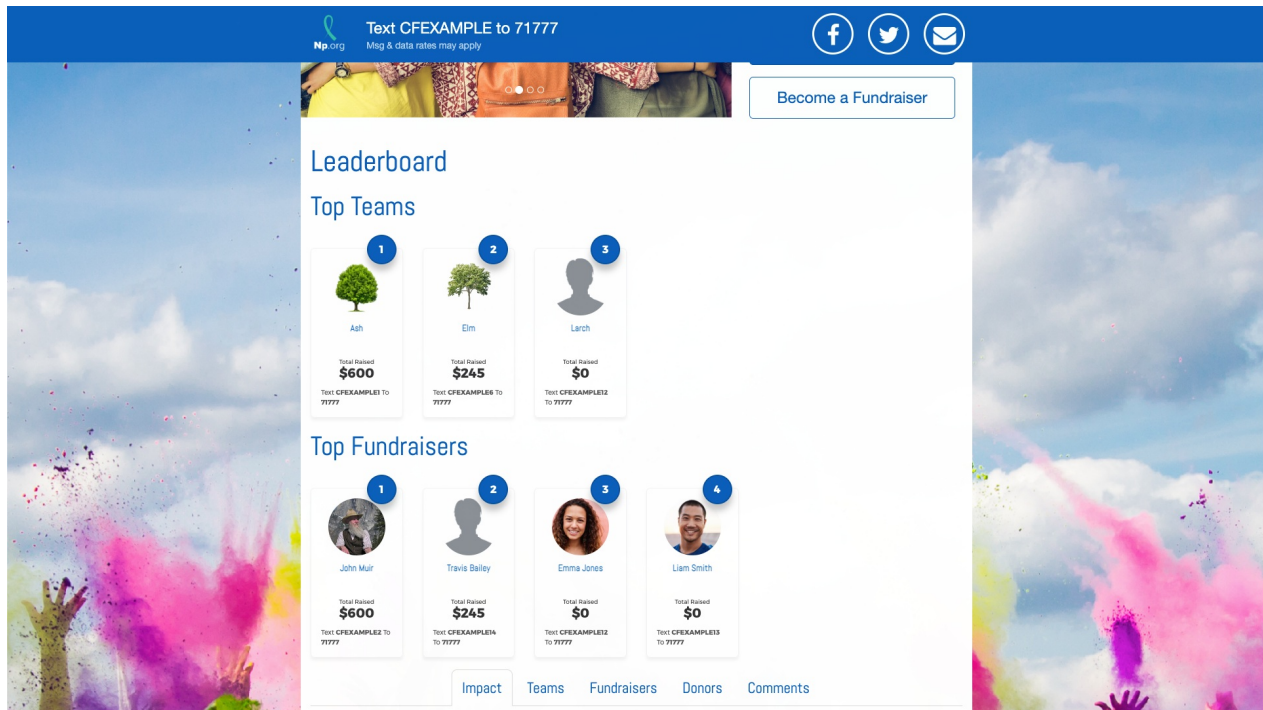

For Crowdfunding and Peer-to-Peer Fundraising pages created before this feature was implemented the Leaderboard section will default to Hidden so as not to change your existing campaign but can be shown and personalized if you desire. For new Crowdfunding and Peer-to-Peer Fundraising pages, the Leaderboard section will default to Show but can be hidden.

Leaderboard Settings

When you **create a Crowdfunding and Peer-to-Peer Fundraising activity**, one of the options will be for the Leaderboard. In your Crowdfunding and Peer-to-Peer Fundraising activity, if you go to the Fundraising Page category on the left, the Leaderboard section will be between the Buttons and the Tab Sections.

Fundraising Page Views
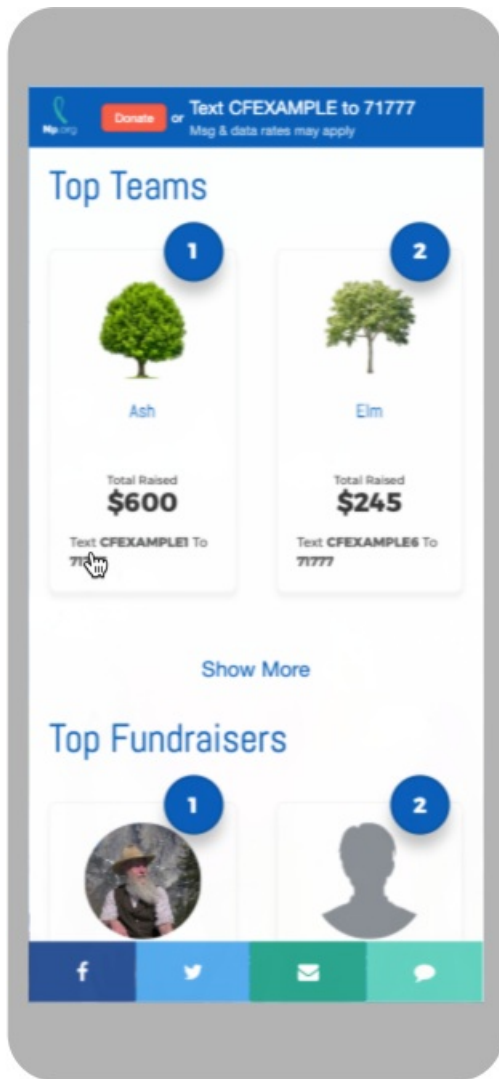

When shown, the Leaderboard section will appear on the main Fundraising Page only. It will show below the Media Carousel and the Buttons to donate or sign up, and above the Tab sections.

A number will be displayed in the top right corner of the team/fundraiser to reflect their ranking in the top teams/fundraisers.

From a desktop display, six teams/fundraisers will show in a single row:
