

Create an Activity

Last Modified on 11/21/2024 10:39 am PST

Activities are created within a **campaign** and are used to create and organize forms. An activity can be created by selecting **New Activity** from the dashboard, clicking the + icon on a campaign card or by selecting New Activity from within a campaign.

Types of Activities

Online Forms

Donation

- Create donation forms to embed on your external website, share with supporters and on social media.

Ticketing with QR Code

- Sell tickets, check in supporters, and manage event communication.

Registration

- Get an accurate count of people coming to the event without the need for tickets.

Sponsorship

- Get companies involved with your events.

Membership

- Sell annual memberships or passes to support your organization.

Volunteer Signup

- Recruit and coordinate volunteer registrations or create a petition form.

Survey

- Give your supporters a voice by providing an easy, low commitment way to interact with your organization.

Payment Form

- Create a payment form to provide a secure place for people to apply a payment.

Custom Form

- Create a custom form to fit any combination of needs.
-

Texting Keyword

Text to Donate

- A donation form that can be accessed via a web link which makes giving as easy as possible.

SMS Subscription

- Subscribe your supporters and start sending text messages today.
-

Crowdfunding / Peer-to-Peer

Crowdfunding or Peer-to-Peer

- Empowers supporters and staff to efficiently collect donations on your behalf from their social networks.
-

Event Activity

GiveSmart Events Activity

- For in-person events, online auctions, seating management and more. If your organization utilizes GiveSmart Events, this option will be available.
-
