## Interoperability Improvements

These improvements are applicable for customers who own 2 or more GiveSmart modules. To see improvements for GiveSmart Events, click [here](#).

### Donor CRM: End of Year Thank You Letters

- Provide the capability to send Year End **thank you letters** to Donors.

### Donor CRM: Organization

- Allow to specify if a donor is an **organization** or individual in the donation form.

### Donor CRM: Accept Stock

- Under **Add Gift** Transaction Type page change the "Stock" label name to say 'Stock - Easily Accept Stock with DonateStock.com!' to provide the capability to accept a stock donation.

### Donor CRM: Org Admin Email

- Send an email to org admin when the limit for the number of records exceeds the licensed limit during file import.

### Export Donor CRM Transaction Report

- Orgs/Accounts who purchased GiveSmart Donor CRM can **export** their fundraising contacts and transaction data into their Donor CRM instance.

### Create Global Admin

- Allows a Global admin to add another global admin that creates/updates the Org admin on Events.

All new features and improvements listed below apply to all GiveSmart customers.

## New Feature

### Activity Keyword Report

- As an NPO admin I can access an **Activity Keyword Report** from the left Navigation to search/sort/filter/export all keywords within the account.

### **Fundraiser Funds Option**

- Allow a supporter to sign up as a fundraiser through the fundraising page and choose to attribute their total to their page
- 

## Improvement

### **Recurring Donation Breakdown**

- Recurring donation transactions breakdown to reflect donation amount and transaction fee passed in the Search Transactions table and exports.

### **Classic Theme Sunset**

- The Classic Theme for crowdfunding pages has been sunset.
- 

## Bug Fix

### **Preview Button Overlap**

- Fixes an issue that caused the Preview button to overlap the “Profile” icon, blocking users from clicking on the profile icon from that page.

### **Media Carousel Auto-play**

- Fixes an issue that caused videos in the Crowdfunding media carousel to continue to auto-play with mute.
